

Digital papers supplied by Boo's Creations
www.boo-creations.co.uk

Copyright on all of the designs remains perpetually with Julia Hurst, proprietor of Boo's Creations.

The digital papers are supplied as 3600 x 3600 pixel JPEG digital images - which will print out at 300 dpi up to 12" (300mm) square (bigger than an A4 or letter sheet of paper). If you want to print larger - if for example, when only using a section of a design - you can do so, but resolution may be reduced, but I doubt that you'll notice any difference up to the equivalent of 15" wide for the whole sheet.

Free for personal use:

You are welcome to use the digital papers attached for your own personal use; to print and make scrapbook pages, layouts, greetings cards, gift wrap, graphics on personal blogs etc. You must not however, re-distribute any of these files to third parties. Please re-direct anyone to the web address above, so that they are able to access the latest version. You must not in any way claim the designs as your own work.

You can alter the colours and size of the graphics. You can use the products for non-profit activities, such as charity newsletters. Please ask me if you're in any doubt.

Commercial use - requires a licence:

If you want to use the digital products for any commercial application whatsoever - in that you will receive remuneration, gain or profit from the products you create (or from the location where you use the graphics, such as backgrounds or graphics on a commercial web site, company literature or a blog with money-making affiliate links or paid advertising) - you must apply to me for a commercial licence.

So please contact me at boo@boo-creations.co.uk and outline the nature of your commercial use and the likely number of end products and I will grant a commercial licence - upon payment of the appropriate fee - in line with the prices of other digital venues for similar uses.

Whilst these digital papers are being given away free at this time, as a sample, I reserve the right to charge a fee for them in future and their free status may well change.

I'd love to see how you use the graphics, so please feel free to show me what you create.

Kindest regards,

Julia Hurst
